

ROUND 2

Now, let's make it challenging.

Teacher, in a moment, put some of the smaller groups together.

You must now find something in your new group that you ALL have in common.

But it can't be what you came up with in your smaller groups! Maybe you all like flying kites OR you all have a pet named Hector!

We recommend you spend only 5 minutes on this part.

TIP – find something basic and then dive deeper by asking follow up questions.
