## Secret Name Bame Instruction Bard

## ROUND 1

Put your class into small groups (Pairs or 4s).
In small groups you need to find the MOST interesting thing you have in common e.g. we all like swimming, everyone loves cereal.

The only rule is it can't be something about the way you look - it must be something we couldn't tell from looking at you.

Maybe you all like the same cartoon or your favourite bird is the parrot! We recommend you spend only 3 minutes on this part.
